APHRODITE “THE GODESS OF BEAUTY”

A SANCTUARY OF WELLNESS AT ATHINA LUXURY SUITES

Hidden within the timeless architecture of Athina Luxury Suites, Aphrodite Spa is a sanctuary of tranquility where guests are invited to reconnect with balance, beauty, and inner calm.

Inspired by Aphrodite, the Greek goddess of beauty, and the serene rhythm of the Aegean Sea, the spa offers a curated collection of therapies designed to rejuvenate the body, relax the mind, and restore the spirit.

Soft candlelight, calming aromas and expert therapeutic touch create a space where time slows down and every treatment becomes a moment of pure indulgence. From revitalizing facial therapies to deeply relaxing massage rituals and romantic couples' experiences, Aphrodite Spa invites guests to discover a world of wellbeing in the heart of Santorini.

OUR WELLNESS PHILOSOPHY

At Aphrodite Spa, wellness is approached as a harmonious union of body, mind, and spirit.

Our treatments combine modern spa techniques with timeless Mediterranean rituals, using carefully selected products and personalized therapies tailored to each guest's needs.

The philosophy of the spa is simple: to restore balance, enhance natural beauty, and create moments of deep relaxation that remain long after the treatment ends.

Every therapy is performed by experienced therapists who guide guests through a journey of renewal inspired by the calming energy of Santorini.
